ALPINE RESPONSIBILITY CODE
Regardless of how you enjoy your snow sport, always show courtesy to others and be aware that there are inherent risks in all snow recreational activities that common sense, protective equipment and personal awareness can reduce. These risks include rapid changes in the weather, visibility and surface conditions, as well as natural and artificial hazards such as rocks, trees, stumps, vehicles, lift towers, snow fences and snowmaking equipment.

Observe the code and share with others the responsibility for a great experience.

1. Know your ability and always stay in control. Be able to stop and avoid other people or objects. It is your responsibility to stay in control on the ground and in the air.
2. Take lessons from professional instructors to learn and progress.
3. Use appropriate protective equipment to minimise the risk of injury.
4. Before using any lift you must have the knowledge and ability to load, ride and unload safely and always use the restraining devices.

5. Observe and obey all signs and warnings. Keep off closed trails or runs.
6. Give way to people below and beside you on the hill. It is your responsibility to avoid them.
7. Do not stop where you are not clearly visible from above. Look uphill and give way to others when entering/exiting a trail or starting downhill.
8. Always ensure your equipment is in good condition and use suitable restraining devices to avoid runaway skiing/boarding equipment.
9. Do not ski, board, ride a lift or undertake any other alpine activity if your ability is impaired by drugs or alcohol.

10. If you are involved in, or witness an accident or collision, alert Ski Patrol, remain at the scene and identify yourself to the Ski Patrol.

KNOW THE CODE. IT'S YOUR RESPONSIBILITY.
FAILURE TO OBSERVE THE CODE MAY RESULT IN THE CANCELLATION OF YOUR LIFT PASS BY SKI PATROL OR OTHER AUTHORISED PERSONNEL.

RESPECT GETS RESPECT
FROM THE LIFT LINE, TO THE SLOPES, THROUGH THE PARK AND THE RESORT.

HELMETS
Hotham together with the Australian Ski Areas Association strongly recommend helmets for skiing and snowboarding, and encourage you to understand both the benefits and limitations of helmet usage. All children participating in Snowsports School programs at Hotham are required to wear an accredited ski or snowboard helmet, as are all adults participating in Snowsports programs involving terrain parks, skier/boarder cross or race courses. Hotham Sports can provide helmets as part of rental packages.
